Each site has space sufficient for one vehicle; if a second vehicle is needed it shall not obstruct the neighbour's parking. Park it in one of the common areas. 6. ABSOLUTELY NO cutting of trees allowed except by explicit permission from Park Management. Please do not remove or damage lawn, shade trees or shrubbery on the property. The occupant shall be held responsible for said damage.
7. Lighting: Site illumination exterior to the RV unit shall be by using solar lighting if possible. LED lighting on a timer is also permissible
8. The Occupant, their family and guests, shall maintain the RV, and any site improvements in a clean and tidy condition. Do not allow any refuse, garbage or other objectionable material to accumulate around the property.

11. Please ensure heavy electrical consumption devices such as air conditioners are turned off when away from the site for golfing or extended periods. This is a huge waste of electricity. Keeping the electrical usage reasonable helps us keep the yearly seasonal rates reasonable and avoids us having to change to an electricity pay as you go system. **No electric heaters allowed of any sort: major fire hazard!**

C. RV Units and Sales

1. All trailers must be approved by management before entering the park. The park will only accept trailers/motorhomes 15 years of age or newer to enter. Existing older trailers are permitted to stay in the park if in good condition and upkeep, as well as pass all safety requirements including plumbing, propane and electrical. Management reserves the right to have a trailer removed, at the owner's expense, should the trailer not meet these requirements.
2. Site lease holders may advertise their lot, contents and/or RV unit for sale in the following manner with approval from management before doing so: a) Small to medium size signage posted at the site, b) On the Firefly & Fiddle community Facebook page, c) On the bulletin board at the Concession/Office.
3. The site lease holder shall not sell the improvements for more than the actual cost incurred by him/her. The site improvements shall be the cost of materials plus a reasonable rate for labor incurred but not a markup to be added for the right to the site.
4. Prior to **advertising** a Lease Transfer Sale the lease holder must contact management. We have an application process for resort entry and any potential new camper must meet criteria set forth by management **PRIOR** to a sale being transacted.
5. All trailers/motorhomes must have working carbon monoxide, smoke detection alarms and **surge protection**.

6. Management reserves the right to enter an RV site for purpose of inspection to verify safety code compliance at any time. This would not occur without reasonable cause.

4. Covered decks: subject to **\$200.00 per year** additional charge as per County of Wetaskiwin tax rates.
5. Sheds: to be used for storage purposes only. Shed may not exceed 50 feet squared and plastic/composite construction only.
6. Dead or dying trees removed from site at occupants expense and with management approval. Firefly & Fiddle cannot obtain insurance for tree cutting.
7. Additional gravel or aggregate is permissible and can be brought in via 3rd party or through Firefly & Fiddle.
8. Fencing is discouraged at Firefly & Fiddle RV Resort. It tends to detract from the beauty of the natural terrain as well as the feeling of openness and community that we want to build in our Park. Certain areas need some fencing due to nearness of approaching vehicles and this is the biggest consideration in requests for fencing. Any fencing proposals must be approved by park management.

E. Insurance - RV and Golf Carts

The site occupant releases the Owner from any claims arising as a result of loss or damage to the occupant's goods, assets or improvements.
5. Proof of golf cart liability insurance must be provided. Golf carts are to have the **Site Number affixed to both sides** of the vehicle.

7. Golf carts are for travelling to and from the golf course and mobility purposes. For any **drivers under the age of 16 a learner's permit is required. A copy of the learners permit must be maintained on the golf cart at all times and be produced if asked.** There is a grace period until May long weekend to comply with this paperwork.
